

**Product Name:** 9FT Pyramid Net  
**Model Number:** YP295  
**Size:** Length: 14' 2"  
 Width: 12' 4"  
 Height: 10' 1"  
**Fall Height:** 6'  
**Foundations:** 5  
**Concrete Volume:** 2.8 cubic yards  
**COMPLIANT WITH:** ASTM F-1487  
 CSA Z614

Free standing flexible climbers are compliant to ASTM F1487 and CSA Z614 for use by preschool age groups (2-5 years or 18 months-5 years respectively). The US CPSC does not recommend freestanding flexible climbers for these age groups

**Ages:** 2-5 or 5-12 years  
**Use Zone:** Length: 26' 2"  
 Width: 24' 4"

**Technical Details:**

**Support Posts**

This will be 5-1/2" (140mm) OD steel tubing, after fabrication shall be powder coated in accordance with the specifications herein.

**Post Shields**

Where required, these will completely surround the post to fill in openings in the net, preventing entrapments. Shields will be made of a textile-reinforced flexible rubber material and secured with hardware.

**Climbing Nets**

20mm diameter rope consists of 6 main strands, each strand containing 24 galvanized steel reinforcing strands within a polyamide sleeve, wrapped around a solid polyamide core for a total of 144 reinforcing strands. Ropes shall achieve a Class 7-8 colorfastness rating.

**Rope Ball Connectors and End Fittings**

One-piece compressed aluminum ball connector or end fitting, compressed in place with 150,000 pounds source (667kN) to prevent the connection from moving and causing premature cable wear.

**Flexible Surfaces**

5/16"(8mm) thick textile-reinforced rubber belt.

**Fasteners**

All fasteners shall be stainless steel with locking patch or locking compound (by others).

**Turnbuckles**

These will be steel alloy that will withstand a maximum load of over 87,675 pounds force (390 kN) along the main axis.

**Installation**

Installation recommended by a licensed playground contractor, trained and certified on the applicable playground installation methods and standards, preferably certified by manufacturer or National Playground Contractors Association.
